

Ahmad Hassan

FRONTEND DEVELOPER

0322-1425202
ahmadhassa2003@gmail.com
Lahore, Punjab, Pakistan

PERSONAL PROFILE

Experienced Frontend Developer with a 2 year of hands-on expertise in HTML,CSS, and JavaScript, specializing in responsive design for seamless user interactions. Adept at leveraging React.js, Next.js, and Tailwind CSS to create visually striking and userfriendly web applications. Proven track record of translating design concepts into pixel-perfect, responsive interfaces, and enhancing user engagement. Ready to bring my skills and passion for innovative frontend development to your team.

EXPERIENCE

Develons, Lahore

-Front-End Developer January-2023 -- Feburary-2024

Technomentors, Lahore

-Front-End Developer(Internship) September-2022 -- December-2023

As a developer I built the architecture of Front End for enterprise level Application using HTML5, CSS3, Bootstrap 5, JavaScript, jQuery, React JSX. Responsible to provide whole flow to backend Team.

PROJECTS

-Enterprise Resource Planning (ERP)

(14 Sept 2023 – 14 Feb 2024)

I work as a frontend developer on an ERP project, an accounting software designed for factories and enterprises. In addition to my role, I contribute to implementing critical algorithms for enhanced functionality

-Jobss.com.au

(6 Aug 2023 – 20 Oct 2023)

I spearheaded a comprehensive job application platform for an Australian client, utilizing React.js for the admin panel and website, complemented by a seamless mobile experience crafted with React Native. Successfully delivered a unified, user-centric solution that enhances recruitment processes and user engagement.

-Books Website

(23 Oct 2023 – 29 Nov 2023)

I developed a book website and panel for a local Pakistani client. The book panel, built with React.js, and the website using Next.js, employed Redux Toolkit for efficient data maintenance and updates.

-Customer Relationship Management (CRM)

(10 Jun 2023 – 30 Jul 2023)

Led the development of a dynamic CRM system tailored for ERP sales, optimizing the sales lifecycle and boosting revenue streams. Successfully integrated advanced sales processes with ERP functionalities, showcasing a commitment to innovation and project leadership

Areas of Expertise

- HTML 5
- CSS3
- JavaScript
- React JS
- Next JS
- Redux
- Redux Toolkit
- Flow bite
- Bootstrap 5
- Material UI
- React Bootstrap
